WHO WE ARE

At Gaskonnnect, we don't just deliver gaskets — we deliver confidence.

Gaskonnnect is a sourcing company based in Türkiye and the United States, dedicated to supplying high-quality gaskets for various industrial applications.

We act as a bridge between carefully selected Turkish manufacturers and American companies seeking reliable, cost-effective, and standards-compliant gasket solutions.

Our team combines local market expertise in Türkiye — known for its strong manufacturing base — with a U.S. presence that ensures easy communication, fast response times, and ongoing support.

Whether you need standard parts or custom-engineered solutions, we simplify your supply chain by managing:

- Product selection
- Sample delivery
- Quality control
- International logistics
- and post-delivery coordination

We eliminate the complexities of international sourcing by managing supplier coordination, quality assurance, documentation, and logistics.

Industries We Serve

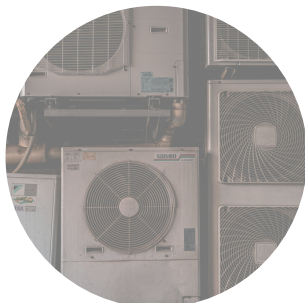

Our network of manufacturers produces high-quality gaskets for a wide range of industries. Each sector has unique demands — and we make sure to meet them with precision, compliance, and speed.

Gaskonnect works with certified manufacturers holding ISO 9001, 14001, 45001, 27001, 50001, and 14064 certifications —

All products meet REACH and RoHS compliance requirements for safe and responsible use worldwide.
